YOUTH FED CYBER PROGRAMME

youth fed

WHAT IS IT?

The Youth Fed Cyber Security Programme is an exciting initiative running in the North West of England, aimed at young people who are interested in gaining cyber and digital skills or simply wish to know more about cybersecurity - even with no related background or prior knowledge.

WHO'S IT FOR?

The programme is aimed at young people living in the North West. They don't have to be IT whizz kids, in fact they don't need to have any prior knowledge or experience of cybersecurity. Our workshops are a great way for anyone interested in being online to learn about a future career in cybersecurity. It can also apply to younger people who want to become more familiar with cybersecurity to increase their awareness around digital safety.
The programme has two main focuses:

**To inspire
potential talent**

**To make people safer
in the digital world**

At the Security Operations Centre (SOC), our Youth Fed operatives run a series of workshops starting with the Cyber Security Taster Session. During these workshops, participants have the chance to do some threat hunting and cybersecurity simulations on 'real-time' cyber-attacks. Participants will then engage in a series of exercises designed to get them thinking like cybersecurity professionals.

The programme has a range of different cybersecurity workshops dependent upon age range, skill set and interest. From our range of workshops, participants can expect the following benefits:

Gaining knowledge around cybersecurity threats and their impact

Exploring possible career paths in cybersecurity

Becoming familiar with higher education opportunities in cybersecurity

Gaining Information about apprenticeships and work experience opportunities in cybersecurity

Exercising employability skills in action

WHERE IS IT?

The Cyber Security Programme is run from a fully equipped Security Operations Centre's (SOCs) based in Daresbury.

'Our taster session workshops are free of charge and run in morning and afternoon sessions every day throughout term time. We take a maximum of 12 students per session and require two members of staff to accompany each group.

INTERESTED?

If our Cyber Programme sounds of interest and you'd like to discover how your students can get involved, then get in touch with us today to find out more about how to book your session.
